

## **Gopher Tortoise (Luke Reynolds)**

**If you have your Bibles with you please turn to 2 Peter Chap. 2 Vs. 2 Peter Chap. 2 Vs.**

**Tonight I have an illustration to share with you. This is a Gopher tortoise. The gopher tortoises have a sad story. They are slowly becoming extinct. Every winter they dig 6 foot holes in the ground and begin their hibernation. Three weeks later copperheads and water moccasins come and lay their eggs in the hole with the tortoise.**

**What will happen when you dig a hole for yourself and get comfortable, then Satan enters your nest? You may be resting comfortably, with no trials, but he is waiting... watching... and he will catch you off guard.**

**Be alert. Be watchful. Make things right, while you still can. The Lord loves you and wants you close to Him.**
