

Choosing A Life Assurance Policy

Sermon by Ray Reynolds (May 20, 2012)

Introduction: It is estimated that 40% of Americans die without life insurance. About 50 million people are under insured. I'm not trying to sell "life insurance," but I do hope you are interested in "life assurance." Do you have a life assurance policy? Do you know where you will spend eternity? Let me share a few things with you this morning.....

Have you taken the necessary steps to ensure your salvation? Are you on the straight and narrow pathway? Do you need to repent of sins or come for prayer? Choose the right life assurance policy and come to Jesus!
